RAIL UNIONS DEMAND \$2,500 MINIMUM PAY

PLAN TO COVER EVERY EMPLOYEE IS GIVEN BOARD

Federal Railroad Labor Body Presented With Demand.

CAUSES SENSATION

Declaration Made Of Least Amount Possible To Live On.

Washington, May 8.—The railroad brotherhoods, the unions, through their representative, W. Jett Lauck, consulting economist, today presented a demand to the federal railroad labor board for a minimum wage of \$2,500 a year for everyone of the 2,500,000 railroad employees.

Lauck declared that \$2,500 a year is the very least upon which an American family can live in decency and the lowest reasonable degree of comfort, with living costs as they are.

He asked that immediate relief be granted on this basis and to make quick action possible, that the board curtail its examination of wage data and proceed immediately to the determination of the question of what constitutes a living wage.

He declared that the combined increases asked, amounting to more than a billion dollars a year, would cause no appreciable boost in the cost of living when the railroad companies increased rates proportionate to meet them, providing profits were not allowed to take advantage of the situation.

Causes Sensation
Lauck's move following his presentation of a survey of wages, prices and profits full of astounding revelations as to profiteer, caused a sensation. For nearly four weeks the board has been hearing demands of the workers for increases which in the majority of cases would not have brought wages anywhere near the \$2,500 mark and there had been no inkling that the unions as a climax would make definite demand for the establishment of a uniform minimum living wage.

He said the unions request for a minimum wage of \$2,500 was based on investigations of the government and quoted a budget compiled by Royal S. Meeker, United States commissioner of labor statistics, showing that a family of five today needs \$2,533 a year to live with minimum degree of comfort.

Lauck said there was now effective anti profiteering legislation before congress, placed there by the president. He urged the board to recommend the establishment of government price fixing agencies like the fuel and food administration and war industries just as your board now controls railroads and railroad labor."

GETS SENTENCE AND FINE FOR OPERATING STILL

John Bowman, colored, arrested here in a raid on two houses in the East End three months ago conducted by Sheriff Punderburg, entered a plea of guilty to the charge of operating an illicit still, before Judge Sater in United States district court in Dayton Friday afternoon, and was fined \$100 and costs and sentenced to 40 days in jail.

When Bowman entered his plea of guilty Judge Sater asked him how long he had been confined in jail.

"Three months," replied Bowman. "Well, I'll just add 40 more days to that, and fine you \$100 and costs," said the Judge.

Four other prisoners entered pleas of guilty before Judge Sater at the same time.

Hayes Valentine, colored, Xenia, arrested at the same time as Bowman, on the charge of having an illicit still was indicted by the federal grand jury which reported to Judge Sater at three o'clock in the afternoon.

Thirty-six indictments were returned by the grand jury. Of these were 55 cases investigated, of which 16 were ignored and three passed to the next session, which will take place Monday. Two secret indictments were found.

Steve Kender, Dayton saloonist, was arrested for the fourth time for violation of the prohibition law Friday afternoon, while the federal grand jury was returning an indictment against him. Federal officers claim that Kender defies the law time after time which caused his fourth arrest.

United States District Clerk Riley issued summons Friday for six additional journeymen, including J. D. Steele of this city.

COUPLE ON TRIAL FOR CHILD'S DEATH

Mr. and Mrs. Andrew Walker of Bloomfield, N. J., photographed in the Quarter Sessions Court, Newark, N. J., where they are facing trial on a charge of manslaughter in neglecting to provide medical attendance for their daughter, Dorothy, eight, who died last May. The Walkers are Christian Scientists and called in healers, Drs. Connolly and Casleim, of the City Hospital, Newark, who examined the child's organs, said death was due to diphtheria. Several healers, it was testified, administered absent treatment to the dying child.

RUSSIANS TAKING EXTREME MEASURES TO COMBAT POLES

London, May 8.—The Russian soviet government is taking extreme measures to combat the offensive of the Poles, according to a wireless dispatch from Moscow, picked up at Berlin and forwarded here today.

The Soviet government is reported to have begun transporting the biggest part of its Siberian army westward to put against the Poles. All workers throughout soviet Russia have been ordered under arms and will be sent to the western front, the dispatch declared.

An Exchange Telegraph dispatch from Paris stated that the Ukrainians announced that the poles have cut a railway line forty miles from Kiev which threatens the whole retreat of the soviet army. At the headquarters of the Ukrainian diplomatic mission here it was declared that this move makes the fall of Kiev inevitable. It was stated that the whole offensive movement against the Russians had been carefully planned and mapped out and is moving on schedule.

NEW JERSEY TO SEND 15 DELEGATES TO VOTE FOR WOOD

Trenton, N. J., May 8.—New Jersey will send 15 delegates to the Republican national convention pledged to vote for Major General Leonard Wood and 13 delegates pledged to vote for Senator Hiram Johnson, according to a list of delegates at large and delegates, made public at the office of the secretary of state today.

WHISKEY SMUGGLED INTO OHIO FROM CANADA, ALLEGED

Astubula, O., May 8.—Local and county authorities today confirmed suspicions that whiskey was being smuggled into Ohio from Canada when they seized a launch at Geneva on the lake, near here, confiscated 250 gallons of liquor and arrested four men.

The smugglers owe their capture to the fact that they were forced to anchor off Astubula owing to a shortage of gasoline. The officers became suspicious and after a supply of gasoline was taken aboard, followed the launch to Geneva on the lake where she docked. All of the smugglers, four, were placed under arrest and are now being held pending the arrival of federal authorities.

ARREST STUDENTS

London, May 8.—Numerous students have been arrested at Cairo as the result of the discovery of a black hand conspiracy, according to a news agency dispatch.

CONGRESS ENDS WORK SATURDAY; RECESS JUNE 5

No New Legislation Will Be Considered After May 15.

WATCH CONVENTIONS

Cummins-Esch Bill and Appropriations Major Points.

Washington, May 8.—The work of congress until after the national conventions is practically completed today.

Leaders have reached a tentative agreement today for a recess beginning June 5, to last during the conventions. House leaders have determined to maintain the house in session after May 15 under a gentleman's agreement to act on conference reports but to take up no legislation. A deficiency appropriation bill, yet to be acted upon by the house, is the last legislation that body will act upon before the conventions, according to the present plans of the leaders.

When congress reconvenes after the conventions it probably will face a considerable legislative program. It is expected that the conventions will instruct congress to act upon legislation providing a bonus for men who served during the world war. The merchant marine policy of the nation probably will be determined by legislation before next fall and there is pressure for action upon legislation to control the packing industry.

President Wilson may give congress some work, it is expected. The president is believed to have some legislative recommendations to make to congress before he leaves office and it is thought he will insist that congress act upon his recommendations before the fall adjournment.

PARTY WORK TO DO.
Party leaders also may find work for congress to do after the convention. Some of the platform planks may need to be securely spiked down by legislation.

The present session which is the first regular session of the sixty-sixth congress, began on December 1, 1919, and to date its major achievements are the passage of the Cummins-Esch bill for the return of the railroads to their private owners and the passage of the large appropriation bills for the coming fiscal year. Republican leaders declare passage of the appropriation bills is a considerable achievement. Republican leader Mondell avers that the present congress has been able to save the nation \$1,500,000,000 by careful pruning of appropriation estimates.

During the entire sixty-sixth congress, which was called in extraordinary session on May 19, 1919, there have been approximately 180 public laws enacted and 12 public resolutions.

The outstanding features of the 66th congress are the rejection of the peace treaty by the senate, passage of the Volstead prohibition enforcement bill, and the passage of the Cummins-Esch bill.

The sixty-sixth congress has been in session 314 days. The cost of this congress is estimated at approximately \$8,303,658.86.

TWO WHEEL MILLS BLOWN UP FRIDAY EVENING AT GOES

Damage to the extent of about \$500 was caused but there was no loss of life, when two wheel mills of the Aetna Explosives Company at Goes Station, blew up at 7:22 o'clock Friday night.

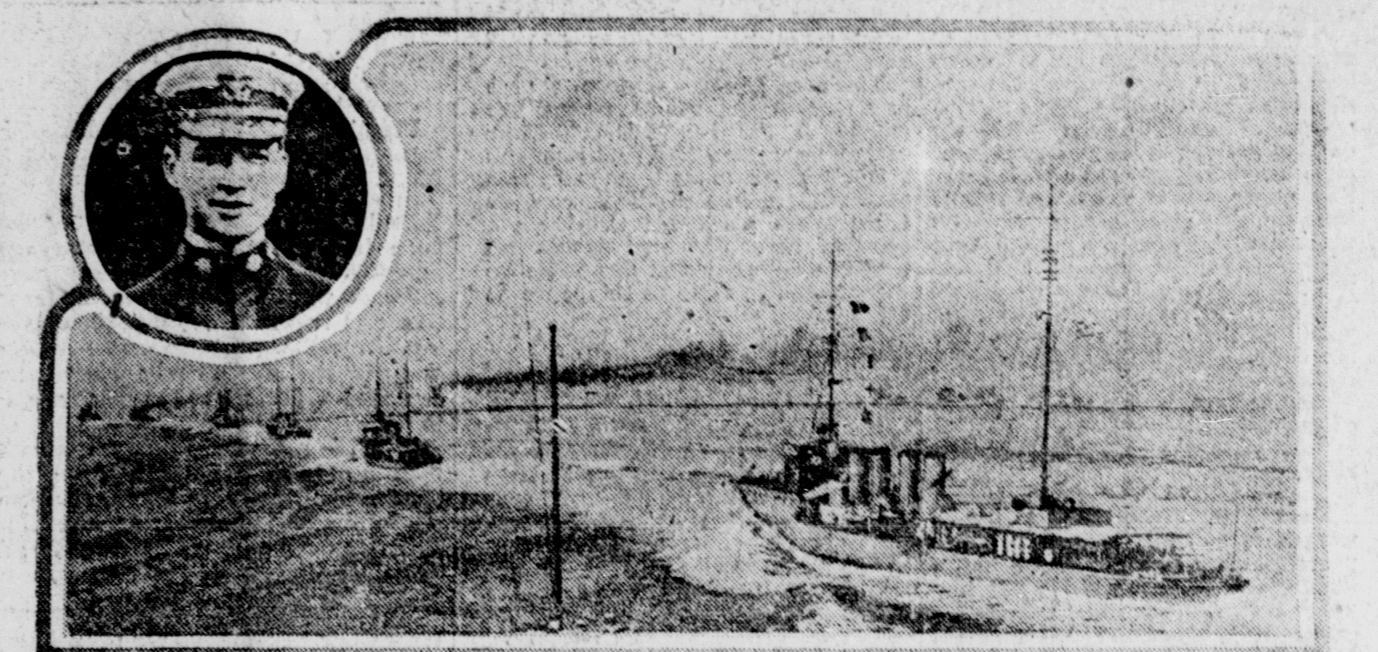

There were approximately 425 pounds of powder in each of the buildings, where the powder goes through its first or incorporating processes. Explosions are common in wheel mills and for that reason no men are permitted in them while they are in operation. The loss covers the powder consumed and the buildings themselves.

Work at the plant was delayed until about ten o'clock following the explosion. There are seven other wheel mills at the Goes Station plant.

FINLAND MAY PARTICIPATE IN RUSSIAN ATTACK

Berlin, May 8.—According to the newspaper Derabend the visit of General Mannarheim of the Finnish army to Berlin was for the purchase of arranging a new attack against the Russian soviet government in which Finland was to participate. The newspaper declared that Great Britain is backing the plan as it wishes the soviet government engaged in the north so that the English petroleum fields around Baku may be recovered, while it is denied by the British, the newspaper declared, that the British are pulling the strings that move Mannerheim.

LANDING FIELDS FOR OHIO CITIES ARE ADVOCATED

Associate Aviation Clubs Of Ohio Close First Meeting.

Columbus, O., May 8.—The first annual convention of the Associated Aviation Clubs of Ohio will close with a banquet tonight. Air rides are scheduled for this afternoon.

Resolutions have been adopted favoring landing fields for every Ohio city; federal and state laws regulating the manufacture and use of aircraft; urging more extensive adoption of air planes for commercial purposes; requesting the war department to let former army and navy aviators have all surplus planes for the purpose of keeping them in condition as aviators for possible emergencies; urging air craft manufacturers to sell surplus stocks at cost to encourage aviation, and memorializing congress not to put a tariff on foreign built machines.

John R. Gammeter, Akron, was elected president of the newly organized association. Other officers chosen are: Lieut. Colonel Hartz, Cleveland; Willard Talbot, Dayton, and Harold Anderson, Toledo, vice presidents; Rex L. Uden, Cleveland, secretary; John E. Davis, Columbus, treasurer. The board of directors includes the foregoing officers and Henry Gravempeker, Cincinnati; L. M. Benedict, Columbus; Sam Harr-Young, town; Thomas E. Bennet, Dayton; J. W. Kunneke, Akron, and D. C. Morgenthaler, Cincinnati.

JUDGE TO COMPEL DONAHEY TO DEFRAY EXPENSES OF TRIP

Columbus, O., May 8.—State Auditor Donahey has been informed by Appellate Judge Willis Vickery, Cleveland, that the judge has instructed his attorneys to file a mandamus suit seeking to compel Donahey to pay Judge Vickery the \$8.45 which Donahey recently cut out of Judge Vickery's account covering expenses incurred while holding court at Akron.

Donahey held that Judge Vickery should not be allowed more than \$5 per day for meals, the same as other state officials. Accordingly, Donahey pared the judge's expense account to the \$5 per day basis.

Donahey announced he is ready to fight the matter out in the supreme court.

LAST MINUTE FLASHES

BUILD LARGEST HOTEL
Chicago, May 8.—The world's largest hotel, to cost approximately \$15,000,000 and to contain more than 4,000 rooms, is to be built in Chicago, it was announced today. It will be an enlargement of the Edgewater Beach hotel, one of the fashionable hotels of the north shore.

MINISTER SENTENCED

Brooksville, Ky., May 8.—Convicted of murder in the first degree for the slaying of Jesse Glenn here last fall, Thomas Marksberry, a minister, is under life sentence in the penitentiary today.

FEAR LYNCHING

Georgetown, Del., May 8.—William Short, a negro charged with an attempted assault on a 14 year old white girl, is under heavy guard in this county jail here today. Short was rushed to jail by the authorities to prevent a mob from lynching him. Further trouble is anticipated.

GRANT DELAY

London, May 8.—If Germany requests a postponement of the conference with allied representatives at Spa on May 23, it probably will be granted, it was learned at the foreign office today.

Under orders received from Secretary Daniels six destroyers left their moorings in the Hudson River, New York, and steamed for Key West, Fla., where they will be in readiness to rush to the Mexican coast on short notice. The six torpedo destroyers ordered South are the Isherwood, Case, Lardner, Putnam, Beale and Reid, and they are accompanied by the mother ship Black Hawk. In the insert is shown Captain B. A. Long, of the Black Hawk, who is in command of the fleet ordered to Key West. He held a long conference with Secretary of the Navy Daniels and Admiral Bullard before leaving.

DATE IS FIXED FOR NEXT WEEK TO CLEAN CITY

May 11, 12, 13, and 14 Set As the Time For Campaign.

The dates of May 11, 12, 13 and 14, were designated as the time of the big clean up and paint up campaign being sponsored by the Chamber of Commerce, at a meeting of the Public Health Committee of that organization held Friday evening.

Publicity is now going forth to make the clean up one of the biggest ever held in the city and every effort will be made to have the city spick and span by the last day of the campaign. On that day the Police department will conduct an inspection of premises to see that everyone has complied with the clean up ordinances which is being brought to the attention of the public by Health Officer Dr. R. H. Grube.

For the convenience of collection, the city has been divided into four zones. On Tuesday the collectors will canvass Zone 1, which includes the north west section, north of Main and west of Detroit streets; Wednesday will be made in Zone 2, the south west section, south of Main and west of Detroit; Zone 3, will be collected Thursday, including the south east portion, south of Main and east of Detroit, and on Friday the north east section, Zone 4, including the territory north of Main and east of Detroit will be covered.

The trucks for the purpose of collection have been donated, and so far the Chamber of Commerce has the use of trucks belonging to the Wilson Engineering and Contracting Company, the F. W. Walker Co., the Xenia Iron and Metal Co., The Stiles Co., and the Greene County Lumber Co. More can be used, however, and people with trucks willing to donate their use are requested to notify the Chamber of Commerce.

Letters have been mailed to all factories asking their co-operation in bringing the campaign before their employees and Monday the city will be posted announcing the drive to make the city spotless.

HARDING SPENDS \$21,969 FOR RACE DURING CAMPAIGN

Columbus, O., May 8.—In its report to Secretary of State Smith, the Harding for president club announced an expenditure of \$21,969 during the campaign preceding the Ohio April presidential preference primaries. Receipts totalled \$21,569, leaving a \$400 shortage. Harry M. Daugherty, Senator Harding's manager, contributed \$18,200. Senator Harding gave \$1,000.

The Franklin county Leonard Wood committee received \$6,375 and spent \$6,357.75, according to a statement issued by Ellsworth A. Hoover, secretary.

SOVIET FORCES EVACUATE KIEFF

London, May 8.—The Russian soviet forces have evacuated the important city of Kieff, according to a wireless dispatch picked up here today and given out by the British admiralty.

"Superior Polish forces attacked northwest and southwest of the city Thursday night," the wireless dispatch stated. "The attacks were repulsed but later our forces were ordered withdrawn from Kieff to the left bank of the Dnieper river."

ASK DRY PLANK IN REPUBLICAN PARTY PLATFORM

Dry Leaders Make Appeal To Chiefs For Help.

Columbus, O., May 8.—Declaring that prohibition has proved successful and is meeting with the American public's approval, dry leaders have asked that the Republican party, at its national convention next month at Chicago, place a strong prohibition enforcement plank in its platform.

Supporting this request, the resolutions committee of the national temperance council, Wayne B. Wheeler, of this city, chairman, has forwarded a brief to the Republican advisory committee on policies and platforms. The council is a federation of anti-saloon organizations.

The brief winds up with this statement: "Law enforcement is essential to the perpetuity of orderly government, and we believe now is the time for a clear, plain declaration by the political parties for a greater respect for law, and the party which makes this declaration clearest and most emphatic for the enforcement of the 18th amendment (the prohibition amendment to the federal constitution) and effective laws enacted pursuant thereto, will secure the support of the majority of the voters."

FIRE ENDANGERS HOTEL GUESTS WHO FLEE FROM BUILDING

Baltimore, Md., May 8.—One fireman was killed, four other firemen were injured and scores of guests fled from the big hotel Emerson at an early hour today when fire broke out in a clothing company's store two doors away. The hotel was not damaged but smoke entered some of the rooms. Four alarms were sounded. Damage to the building in which the fire originated is estimated at \$100,000. The cause of the fire has not been determined.

LABOR SITUATION IN NEW ENGLAND HAS DARK OUTLOOK

Boston, May 8.—Developments today in the New England labor situation were:

Four thousand on strike at Bristol, R. I., plant of National India Rubber company, in protest over new wage scale.

Firemen employed in New Bedford, Mass. textile mills ask six day week without reduction in pay. Building trades council and Fall River, Mass., loom fixers support textile strikers at New Bedford.

Sympathetic strike of firemen in New Bedford mills may result if demand of steam engineers now on strike not granted. Member of amalgamated textile workers at mass meeting tomorrow may take same action. Strike of engineers has not crippled Lawrence, Mass. mills but is inconveniencing them.

FIRE DAMAGES BECKEL HOTEL IN DAYTON

Dayton, O., May 8.—Fire which started about 11 o'clock caused a \$10,000 loss at the Beckel Hotel Saturday morning.

The blaze started in the basement of the building in a shoe repair shop, which was burned out. There are a number of shops in the basement of the building which were damaged. The principal loss to the hotel proper was from smoke, which filled the hotel forcing guests into the street. There was little fire damage to the building.

BREAK THREATENED

London, May 8.—A Czech-Hungarian break is threatened, according to a dispatch to the Daily Express today from Prague. The dispatch said the Hungarian military classes from 1874 to 1901 are mobilizing.

REBEL LEADERS READY TO CRUSH FEDERAL FORCES

Carranza Attempts To Effect Armistice, Report.

REBELS ARE GAINING

New Cities Come Under Revolutionary Control Today.

El Paso, Tex., May 8.—Rebel troops en route to Chihuahua City continue to pass through Juarez, three troop trains already having departed. Rebel leaders, it is reported here today, are rapidly assembling their forces for the drive which is expected to break the last remaining power of the Carranistas in northern Mexico. General Serrano it has been announced, will command the military forces at Chihuahua City.

Direct wire connection between Jimenez, Parral and Chihuahua City has been destroyed. The first passenger train from Chihuahua City to Juarez arrived last night. Among the passengers was Emilio Salinas, a brother-in-law of President Carranza who is seeking admittance to the United States as a refugee.

General Villareal, it is reported, is being boomed as the first military governor of the states of Coahuila, Nuevo Leon and Tamaulipas.

SALOONS RE-OPEN.
Saloons will be permitted to re-open today. Sixteen saloons operated by foreigners have contributed \$200 each to the rebel military commander. Native saloonists have not "come across."

President Carranza and his ministers are trying to effect an armistice with the rebels, Con. Martiz declared. The rebels are wary, believing Carranza is trying to delay the rebel movement while he makes his escape from the capital.

Gen. Menjura is said to have taken the capital of Oaxaca for the rebels. Gen. Castanea, it is also reported, has taken the oath of the revolution in the state of Tehuantepec. New towns in Michoacan are reported to have gone over to the rebels. News of Gen. Guadalupe Hanches, federal commander at Vera Cruz going over to the revolution reached here. He is said to have taken the whole state on behalf of the revolution.

CENSURES LEADER

Washington, May 8.—Gen. Murguia whom Carranza recently placed in command of all federal troops in the Mexico City district, has issued a manifesto censuring Gen. Dieguez, federal commander in the Guadalupe district, for allowing himself to be "bottled up" in Guadalupe with his force of 8,000 men, according to reports received today at the Sonora revolutionary agency here.

Early in April Carranza placed Dieguez at the head of what was regarded as the best federal army, and ordered him to advance into Sinaloa from the south and clean up the revolution there before it had a chance to spread. Dieguez never got beyond Guadalupe, where he is now reported to be surrounded.

To Murguia Carranza assigned the task of defending Mexico City from the rebels advancing from Morelos on the south and Chihuahua on the north.

SPECULATE OVER REAL IDENTITY OF "BLUEBEARD"

Shelburne Falls, Mass., May 8.—Speculation was still indulged in here today as to whether the Newton Harvey, formerly of this town, is the "Blue-beard" Newton Harvey, of Los Angeles, whose sister of Jack O'Neil charges is the real murderer of Mrs. Mattie McCloud back in 1897, and for whose death young O'Neil was hanged.

Almost conclusive evidence has been given that the Newton Harvey who lived here, is living in Canada. Mrs. Julia White of this town, sister of Harvey, stated today that she received a letter from her brother on April 9. Mrs. White said her brother is living with his wife and children at Thornburg, Canada, 30 miles from Toronto. She said he is working for the Dominion Ivory Company, Toronto. Chief Newman of the local police force stated that he has been in communication with Newton Harvey through the Toronto police.

O'Neil's sister said Harvey married an Anna Merrill and that she disappeared.

This is explained by the county records at Pittsfield, which show that Harvey was divorced from the Merrill woman. Later he married again and went to Canada to live. The police also point out that Newton Harvey of this town was a mere boy when Mrs. McCloud was slain.

GETS SENTENCE AND FINE FOR OPERATING STILL

John Bowman, colored, arrested here in a raid on two houses in the East End three months ago conducted by Sheriff Funderburg, entered a plea of guilty to the charge of operating an illicit still, before Judge Sater in United States district court in Dayton Friday afternoon, and was fined \$100 and costs and sentenced to 40 days in jail.

When Bowman entered his plea of guilty Judge Sater asked him how long he had been confined in jail. "Three months," replied Bowman. "Well, I'll just add 40 more days to that, and fine you \$100 and costs," said the judge.

Four other prisoners entered pleas of guilty before Judge Sater at the same time.

Hayes Valentine, colored, Xenia, arrested at the same time as Bowman, on the charge of having an illicit still was indicted by the federal grand jury which reported to Judge Sater at three o'clock in the afternoon.

Thirty-six indictments were returned by the grand jury. There were 55 cases investigated, of which 16 were ignored and three passed to the next session, which will take place Monday. Two secret indictments were found.

Steve Kender, Dayton saloonist, was arrested for the fourth time for violation of the prohibition law Friday afternoon, while the federal grand jury was returning an indictment against him. Federal officers claim that Kender defies the law time after time which caused his fourth arrest.

United States District Clerk Riley issued summons Friday for six additional journeymen, including J. D. Steele of this city.

peal To Chiefs For
Help.

Columbus, O., May 8.—Declaring that prohibition has proved successful and is meeting with the American public's approval, dry leaders have asked that the Republican party, at its national convention next month at Chicago, place a strong prohibition enforcement plank in its platform.

Supporting this request, the resolutions committee of the national temperance council, Wayne B. Wheeler, of this city, chairman, has forwarded a brief to the Republican advisory committee on policies and platforms. The council is a federation of anti-saloon organizations.

The brief winds up with this statement: "Law enforcement is essential to the perpetuity of orderly government, and we believe now is the time for a clear, plain declaration by the political parties for a greater respect for law, and the party which makes this declaration clearest and most emphatic for the enforcement of the 18th amendment (the prohibition amendment) to the federal constitution, and effective laws enacted pursuant thereto, will secure the support of the majority of the voters."

For the convenience of collection, the city has been divided into four zones. On Tuesday the collectors will canvass Zone 1, which includes the north west section, north of Main and west of Detroit streets; Wednesday will be made in Zone 2, the south west section, south of Main and west of Detroit; Zone 3, will be collected Thursday, including the south east portion, south of Main and east of Detroit, and on Friday the north east section, Zone 4, including the territory north of Main and east of Detroit will be covered.

The trucks for the purpose of collection have been donated, and so far the Chamber of Commerce has the use of trucks belonging to the Wilson Engineering and Contracting Company, the F. W. Walker Co., the Xenia Iron and Metal Co., The Stiles Co., and the Greene County Lumber Co. More can be used, however, and people with trucks willing to donate their use are requested to notify the Chamber of Commerce.

Letters have been mailed to all factories asking their co-operation in bringing the campaign before their employees and Monday the city will be posted announcing the drive to make the city spotless.

HARDING SPENDS \$21,969 FOR RACE DURING CAMPAIGN

Columbus, O., May 8.—In its report to Secretary of State Smith, the Harding for president club announced an expenditure of \$21,969 during the campaign preceding the Ohio April presidential preference primaries. Receipts totalled \$21,569, leaving a \$400 shortage. Harry M. Daugherty, Senator Harding's manager, contributed \$18,200. Senator Harding gave \$1,000.

The Franklin county Leonard Wood committee received \$6,375 and spent \$6,357.75, according to a statement issued by Ellsworth A. Hoover, secretary.

SOVIET FORCES EVACUATE KIEFF

London, May 8.—The Russian soviet forces have evacuated the important city of Kieff, according to a wireless dispatch picked up here today and given out by the British admiralty.

"Superior Polish forces attacked northwest and southwest of the city Thursday night," the wireless dispatch stated. "The attacks were repulsed but later our forces were ordered withdrawn from Kieff to the left bank of the Dnieper river."

DATE IS FIXED FOR NEXT WEEK TO CLEAN CITY

May 11, 12, 13, and 14 Set
As the Time For
Campaign.

The dates of May 11, 12, 13 and 14, were designated as the time of the big clean up and paint up campaign being sponsored by the Chamber of Commerce, at a meeting of the Public Health Committee of that organization held Friday evening.

Publicity is now going forth to make the clean up one of the biggest ever held in the city and every effort will be made to have the city spick and span by the last day of the campaign. On that day the Police department will conduct an inspection of premises to see that everyone has complied with the clean up ordinances which are being brought to the attention of the public by Health Officer Dr. R. H. Grube.

FIRE ENDANGERS HOTEL GUESTS WHO FLEE FROM BUILDING

Baltimore, Md., May 8.—One fireman was killed, four other firemen were injured and scores of guests fled from the big hotel Emerson at an early hour today when fire broke out in a clothing company's store two doors away. The hotel was not damaged but smoke entered some of the rooms. Four alarms were sounded. Damage to the building in which the fire originated is estimated at \$100,000. The cause of the fire has not been determined.

LABOR SITUATION IN NEW ENGLAND HAS DARK OUTLOOK

Boston, May 8.—Developments today in the New England labor situation were:

Four thousand on strike at Bristol, R. I., plant of National India Rubber company, in protest over new wage scale.

Firemen employed in New Bedford, Mass. textile mills ask six day week without reduction in pay. Building trades council and Fall River, Mass., loom fixers support textile strikers at New Bedford.

Sympathetic strike of firemen in New Bedford mills may result if demand of steam engineers now on strike is granted. Member of amalgamated textile workers at mass meeting tomorrow may take same action. Strike of engineers has not crippled Lawrence, Mass. mills but is inconveniencing them.

FIRE DAMAGES BECKEL HOTEL IN DAYTON

Dayton, O., May 8.—Fire which started about 11 o'clock caused a \$10,000 loss at the Beckel Hotel Saturday morning.

The blaze started in the basement of the building, in a shoe repair shop, which was burned out. There are a number of shops in the basement of the building which were damaged. The principal loss to the Hotel proper was from smoke, which filled the hotel forcing guests into the street. There was little fire damage to the building.

REBEL LEADERS READY TO CRUSH FEDERAL FORCES

Carranza Attempts To
Effect Armistice,
Report.

REBELS ARE GAINING

New Cities Come Under
Revolutionary Control
Today.

El Paso, Tex., May 8.—Rebel troops en route to Chihuahua City continue to pass through Juarez, three troop trains already having departed. Rebel leaders, it is reported here today, are rapidly assembling their forces for the drive which is expected to break the last remaining power of the Carranistas in northern Mexico. General Serrano it has been announced, will command the military forces at Chihuahua City.

Direct wire connection between Jimenez, Parral and Chihuahua City has been destroyed. The first passenger train from Chihuahua City to Juarez arrived last night. Among the passengers was Emilio Salinas, a brother-in-law of President Carranza who is seeking a refuge in the United States as a refugee.

General Villareal, it is reported, is being boomed as the first military governor of the states of Coahuila, Nuevo Leon and Tamaulipas.

Saloons will be permitted to reopen today. Sixteen saloons operated by foreigners have contributed \$200 each to the rebel military commander. Native saloonists have not "come across."

President Carranza and his ministers are trying to effect an armistice with the rebels, Gen. Martiz declared. The rebels are wary, believing Carranza is trying to delay the rebels movement while he makes his escape from the capital.

Gen. Menjura is said to have taken the capital of Oaxaca for the rebels. Gen. Castanea, it is also reported, has taken the oath of the revolution in the state of Tehuantepec. New towns in Michoacan are reported to have gone over to the rebels. News of Gen. Guadalupe Hanchas, federal commander at Vera Cruz going over to the revolution reached here. He is said to have taken the whole state on behalf of the revolution.

CENSURES LEADER.

Washington, May 8.—Gen. Murguia whom Carranza recently placed in command of all federal troops in the Mexico City district, has issued a manifesto censuring Gen. Dieguez, federal commander in the Guadalupe district, for allowing himself to be "bottled up" in Guadalupe with his force of 8,000 men, according to reports received today at the Sonora revolutionary agency here.

Early in April Carranza placed Dieguez at the head of what was regarded as the best federal army, and ordered him to advance into Sinaloa from the south and clean up the revolution there before it had a chance to spread. Dieguez never got beyond Guadalupe, where he is now reported to be surrounded.

To Murguia Carranza assigned the task of defending Mexico City from the rebels advancing from Morelos on the south and Chihuahua on the north.

SPECULATE OVER REAL IDENTITY OF "BLUEBEARD"

Shelburne Falls, Mass., May 8.—Speculation was still indulged in here today as to whether the Newton Harvey, formerly of this town, is the "Bluebeard" Newton Harvey, of Los Angeles, whom the sister of Jack O'Neil charges is the real murderer of Mrs. Mattie McCleod back in 1897, and for whose death young O'Neil was hanged.

Almost conclusive evidence has been given that the Newton Harvey who lived here, is living in Canada. Mrs. Julia White of this town, sister of Harvey, stated today that she received a letter from her brother on April 9. Mrs. White said her brother is living with his wife and children at Thornburg, Canada, 30 miles from Toronto. She said he is working for the Dominion Irony Company, Toronto. Chief Newman of the local police force stated that he has been in communication with Newton Harvey through the Toronto police.

O'Neil's sister said Harvey married an Anna Merrill and that she disappeared. This is explained by the county records at Pittsfield, which show that Harvey was divorced from the Merrill woman. Later he married again and went to Canada to live. The police also point out that Newton Harvey of this town was a mere boy when Mrs. McCleod was slain.

GASOLINE RAISE WOULD ENTAIL BIG COST HERE

One hundred and forty seven thousand, eight hundred and forty dollars more a year will be spent for gasoline by automobile owners in Xenia and vicinity if the proposed increase rate goes into effect than is spent now.

Considering the statement of the gasoline producers that gasoline will go up 11 cents on a gallon because gasoline production is not keeping up with the automobile production and therefore not supplying the demand, \$617,600 will be paid if the present demand is kept up.

This amount exceeds by \$147,840 the amount that is now spent for gasoline by machine owners in Xenia and vicinity, figuring that 4,000 gallons of gas are bought every day by car owners in this area. This is an estimate of the amount of gas sold during the summer months, which may exceed that amount during the warm days of summer, and will be considerably reduced during the winter months.

Figuring the increase at 11 cents, car owners in this area will pay \$440 a day more than at present, or \$1,600 every day for gasoline. In a week this increase amounts to \$3,080 and in a month to \$12,120. Figuring six months as the summer travel months, \$73,920 more will be paid for gasoline this summer than last summer or \$147,840 a year more.

With gasoline at 40 cents a gallon, the car owners who buy the 4,000 gallons of gas every day here, will spend \$11,200 a week, \$44,800 a month, \$308,800 during the summer months, or \$617,600 a year.

The amount of gasoline used to the mile varied with different makes of cars anywhere from 8 gallons to a mile to twenty gallons. Some of the machines of light construction will travel as high as 20 miles an hour on one gallon of gas. Other machines give as low as 8 miles to a gallon, but because of the greater number of small light machines than the heavier cars, an average gas use per mile would be well above 12 miles or possibly 15.

Trucks eat up gas quicker, and the truck driver is doing good who can get 3 miles to a gallon of gas. This is on a straightaway, while the average truck, which has frequent stops on city service, generally will give only about 4 miles to the gallon.

Heart and Home Problems

Dear Mrs. Thompson: I understand that you have printed a green soap recipe for getting rid of blackheads. I have watched for this recipe for some time, hoping that you would print it. Will you kindly give it again for my benefit and for others who may want the same thing?

ROSE T.

Tincture of green soap, two ounces; distilled hazel, two ounces.

Let this mixture stay on only a few moments and then wash off with hot water.

If the green soap irritates the skin, as it sometimes will, use it every other day. Apply a cold cream.

Green soap may be purchased at any drug store. It is not a regular "cake soap," but is of about the consistency of custard.

Open each seed acne with the point of a fine needle. The hardened mass must be pressed or picked out. The empty sac of the gland should then be bathed with a little toilet vinegar and water, or with a very weak solution of carbolic acid and water. Sterilize the needle before using it by dipping into boiling water, as the use of any instrument is dangerous unless thoroughly cleansed.

Let me caution you about the use of carbolic acid. Unless the solution is very weak the acid will burn terribly.

Dear Mrs. Thompson: I am a woman of twenty-nine years. Two years ago my husband and I had a little trouble and his folks put him up to getting a divorce from me. I cannot forget him and that makes it hard for me. He comes to see me, but I do not know whether or not he loves me. I know he goes with other girls. Should I let him come as he does?

BONNIE.

It seems to me you will be happier if you stop seeing your former husband. He does not love you deeply or he would suggest remarriage and would find no interest in other women. You must learn to be happy without him.

Dear Mrs. Thompson: I invited a school friend who moved out of town to come and spend two weeks with me. We had not seen each other in two years. She came and of course I planned everything I could so that she would have a good time. I invited my boy friend to bring another young man the first night she was with us. We had a fairly good time, but I couldn't help noticing that my girl friend did everything she could to attract my boy friend and she paid no attention to the other boy.

The next day we went to church and during the whole service she looked at my boy friend. After church he walked home with us and scarcely spoke to me because he was so interested in her. This went on for about a week and then he got tired of her. She was so devoted that she sickened him and when he was invited to come to the house he refused.

Of course I was disgusted with my girl friend, too, but when I found she lost out with my boy friend I didn't mind her half so much.

We were having a party one night and he refused to come. This made me so angry that I told him he need never come again if he didn't that night. He didn't come. Now my girl friend has left town and he is trying to be friendly again. I like him better than any young man I know. Should I let him come back?

IN DOUBT.

Yes, let him come back. He has probably learned a lesson and knows now that you stand the test of time better than some other people. He must feel in a ridiculous position and shows courage to ask to come back.

The Churngold Corporation

Organized to acquire the Common Capital Stock issues of

The Andrew Rohan Company The Ohio Butterine Company

Plants and Churns, Cincinnati

MANUFACTURERS OF

"CHURNGOLD"

AND OTHER FOOD PRODUCTS
Since 1900

1st Primarily, the vital factor to consider, in the purchase of this common stock is their record of earnings.

There are outstanding 55,000 shares of common stock of The Churngold Corporation. To pay ten per cent. or \$3.00 per share on this stock requires \$165,000 per annum.

2nd It is estimated that the Corporation will earn this year, based upon the first three months operation, \$700,000; assuming that there is no change in the present excess profits and income tax laws, it is estimated by competent authorities that the net earnings after taxes will be \$474,000 equal to practically \$9.00 per share.

3rd Under present plans for changes and further expansion now being planned, the production of "Churngold" will be greatly increased to more fully take care of the demand of the trade; all of which means larger earnings.

4th The very fact that the company remains under the management of Mr. Andrew Rohan as President, with his same associates and organization, all of whom be-

come stockholders thru the purchase of these shares, the balance of which are offered, means continual prosperity and growth as evidenced by the past record.

5th During the seven years, thru his management his companies paid in dividends to stockholders the sum of \$593,500, and during the life of the company, or since 1900, the combined companies show total current assets of \$1,250,000 from an original investment of \$50,000. In this statement there has been no value established for good will, trade-marks, formulae, processes, and in these four items plus the one of management, we consider that the company has a greater value than all the buildings, real estate, equipment, bonds and cash shown in their statements. What would be the cost to replace or recreate "Churngold"—its name, quality, earning power, and all it stands for? The growth of the business has been no less than remarkable. In 1911, the total output was 3,883,087 pounds, in 1919 their output was 13,980,476 pounds and the sales were \$6,397,784.24, as against \$890,000 in 1912. The profits in 1919 were \$525,760.59.

We recommend as a conservative speculation the purchase of this Common Stock at

\$30.00 Per Share

DRIVEN FROM A FLAT

Mr. W. M. Fellers, who lived in Lima, Ohio, was compelled to move out of a flat because of his wife's ill health. The neighbors complained that they were annoyed and distressed by Mrs. Fellers' continued coughing. They believing her to have tuberculosis, asked the owner of the flat to have her move because of the danger to the other occupants.

Mrs. Fellers had taken cold which hung on and developed into serious bronchial trouble, she doctored but found no relief until she used Glando Pine. She says: "The first dose seemed to relieve me. Two bottles removed the cough entirely. I have gained in flesh and am just fine. My friends now tell me they never expected to see me out again."

To prevent a cough from developing into pneumonia, bronchitis or consumption use Glando Pine the same cough medicine Mrs. Fellers used. 3 oz. (50 cents worth) of Glando Pine mixed with any good syrup or honey will make one pint or 128 tea-spoonful of excellent cough medicine. Every family should keep this valuable cough medicine on hand to use at the first indication of a cough or cold. May be given to very young children. They love to take it.

It seems to me you will be happier

if you stop seeing your former husband. He does not love you deeply or he would suggest remarriage and would find no interest in other women. You must learn to be happy without him.

Dear Mrs. Thompson: I invited a school friend who moved out of town to come and spend two weeks with me. We had not seen each other in two years. She came and of course I planned everything I could so that she would have a good time. I invited my boy friend to bring another young man the first night she was with us. We had a fairly good time, but I couldn't help noticing that my girl friend did everything she could to attract my boy friend and she paid no attention to the other boy.

The next day we went to church and during the whole service she looked at my boy friend. After church he walked home with us and scarcely spoke to me because he was so interested in her. This went on for about a week and then he got tired of her. She was so devoted that she sickened him and when he was invited to come to the house he refused.

Of course I was disgusted with my girl friend, too, but when I found she lost out with my boy friend I didn't mind her half so much.

We were having a party one night and he refused to come. This made me so angry that I told him he need never come again if he didn't that night. He didn't come. Now my girl friend has left town and he is trying to be friendly again. I like him better than any young man I know. Should I let him come back?
IN DOUBT.

Yes, let him come back. He has probably learned a lesson and knows now that you stand the test of time better than some other people. He must feel in a ridiculous position and shows courage to ask to come back.

DRIVEN FROM A FLAT

Mr. W. M. Fellers, who lived in Lima, Ohio, was compelled to move out of a flat because of his wife's ill health. The neighbors complained that they were annoyed and distressed by Mrs. Fellers' continued coughing. They believing her to have tuberculosis, asked the owner of the flat to have her move because of the danger to the other occupants.

Mrs. Fellers had taken cold which hung on and developed into serious bronchial trouble, she doctored but found no relief until she used Glando Pine. She says: "The first dose seemed to relieve me. Two bottles removed the cough entirely. I have gained in flesh and am just fine. My friends now tell me they never expected to see me out again."

To prevent a cough from developing into pneumonia, bronchitis or consumption use Glando Pine the same cough medicine Mrs. Fellers used. 3 oz. (50 cents worth) of Glando Pine mixed with any good syrup or honey will make one pint or 128 tea-spoon's full of excellent cough medicine. Every family should keep this valuable cough medicine on hand to use at the first indication of a cough or cold. May be given to very young children. They love to take it.

JUNIOR HIGH ENJOYS PROGRAM.

The Emerson and Lowell Literary Societies of McKinley Junior High school entertained at the school house Friday evening.

A short program was given, consisting of a reading by Mildred Mason a song given by a quartet consisting of Pauline Sutton, Theda Downing, Margaret Considine and Mary Douthett, and a wild and woolly movie, written by Lucille Denham, with "Perry Nickford," "Rugless Chair-backs," and "Beda Terra" playing in the leading roles. The piece was produced by the "Derram Film Corporation and directed by Arthur Currie.

Games and contests formed the amusements during the early part of the evening, and refreshments were served after which dancing was enjoyed. Music was furnished by an orchestra consisting of Irene Parrott and Mary Noble with Edna Holton, Emma and Lucille Denham and Theda Downing alternating at the piano.

Miss Irene Wolf, teacher of Domestic Science was presented with a bouquet of roses. Irene Parrott making the presentation.

Mr. and Mrs. Omer D. Jones of Dayton were present at the affair. Mr. Jones was formerly a principal of the Junior High and he gave a short talk to those present.

COMBINATION FIRE AND POLICE JOB HAS BEEN FILLED

Roy Dotson, who has been employed for some time as auto mechanic at the Central Garage, has been appointed a city fireman, and will act as traffic officer on the Police Department on his time off. He will start to work Monday.

Clark Stethem, who was speed cop during the summer months last year, but who is now employed on the Pennsylvania railroad served as speed cop Saturday and will serve part of Sunday temporarily.

The appointment of Dotson, fills a vacancy at the Fire Department, which has existed for some time. The new appointee will serve as regular fireman, and will sleep at the engine house. Because of the two station system which is in effect at the local department, he will be on duty half the time or every other 24 hours, and on the day he is off duty he will serve as speed cop. He will purchase a motorcycle shortly to begin operations on the street.

At all times, Dotson will be ready for call either for the police or fire department. His motorcycle will be equipped with hand chemicals and he will answer every fire call wether he is on duty for either department. In some manner he will be available for call on to police department on days when he is working as fireman. Since he will sleep at the engine house he will be available as a fireman every night as well as every other day.

JOSEPH E. EAVEY DIES ON SATURDAY

The death of Joseph E. Eavey at his home Saturday morning at 3 o'clock removes one of Xenia's substantial farmers and business men. Mr. Eavey had been failing in health for more than a year but his decline was rapid following the death three weeks ago of his daughter-in-law, Mrs. Herman Eavey, to whom he was much attached. Uremic poisoning was the immediate cause, though other complications hastened the end.

Mr. Eavey was born Sept. 20, 1848 in the old Eavey homestead on the Wilmington pike near Xenia. His parents, both of Hagerstown, Md., migrated to Ohio in 1841 and settled upon the land of which the Eavey farm is a part. He was married in 1877 to Miss Etta Wright. They have two children: Herman E. and Helen (Mrs. John M.) Davidson. All of the family still live here, Herman being in charge of the Eavey farm. Our brother, Arthur W., still lives in Dayton.

In addition to his farm Mr. Eavey was interested in the Eavey Wholesale grocery, the Eavey Packing Co., and other enterprises. He was a member of the First U. P. church.

The funeral will be held at the Eavey home, 234 East Second street, next Monday afternoon at 4:30.

CITY ADMINISTRATION URGES STORES CLEANED UP EARLY IN DAY

An appeal to merchants to either sweep out their stores at night or else do it before seven o'clock in the morning is being made by the city administration.

Under present conditions, it is pointed out, that merchants who sweep their stores out after seven o'clock in the morning, sweep the dirt into the gutter after the street has been cleaned. The city street cleaning department is up early and the streets are flushed before many of the stores are opened. If the store dirt is swept into the gutter afterward it dirties up the street right after it has been cleaned.

Merchants are therefore requested to either sweep out at night or before seven o'clock in the morning so that the dirt can be washed away by the street flusher.

SHEETS' TRIAL HAS BEEN POSTPONED

On application of counsel for George W. Sheets, former clerk of the courts, his trial on the charge of embezzlement was continued from May 12, to June 1, by Judge C. H. Kyle Saturday morning.

The hearing of the quo warranto ouster case brought by Mr. Sheets against Charles S. Johnson, who was appointed to succeed him in office, will take place according to the assignment, before the Court of Appeal in Springfield May 11.

MUSKINGUM WINS FROM CEDARVILLE

Muskingum had little difficulty in registering another victory in their invasion of this county, Friday afternoon when they easily walloped Cedarville by a score of 15 to 0.

The game was a repetition of their contest Thursday when they trimmed Antioch by a big score. Errors played a big part in Cedarville's defeat but the terrific slugging of the down starters could not be denied and they gathered sixteen safe blows.

PNEUMONIA LEFT BOY WEAK AND SICKLY

Parents Were Almost Hopeless, But He Is Now Well and Strong.

"Our little boy's health was so poor we were afraid we were going to lose him. He is 10 years old, and has had weak lungs ever since he was eight months old, caused by pneumonia. We have been very careful with him and doctored him continually, but we had almost despaired of ever having a strong, well boy."

"But since giving him Milks Emulsion, all his trouble is gone, and he is in perfect health."—Mrs. G. W. Smiley, 20 Maple St., Dayton, O.

For restoring appetite, health and strength in sickly children, mothers will find Milks Emulsion the thing they have always sought. Most children like to take it, because unlike many emulsions and tonics, it really tastes good.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles with you use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere. Guaranteed by Sayre & Hemphill.

to play Wilberforce on Friday but the latter team cancelled and so Cedarville was played and Saturday Capital will be met in Columbus.

HOME MADE RECIPE CATARRH AND COLDS

Nonexpensive—Cut This Out.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Ask your druggist for three quarters of an ounce of Mentholized Arcine and pour it into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat so clean and healthy that germs of flu or any other germs will have a hard time gaining a foothold.

WAS NERVOUS AND RUN DOWN

RESTORED TO NORMAL HEALTH BY BIO-FEREN

"I feel I owe you people a world of gratitude for the benefit I have received in using your wonderful remedy—Bio-feren Tablets, which have completely restored me to normal conditions," says Joseph E. Webb of Muncie, Indiana.

Bio-feren is without doubt the grandest and quickest remedy for nervous, run down, weak, anemic men and women ever offered direct through the druggists and is not at all expensive.

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous and keen minded, yes, twice as much as you did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.

All druggists in this city and vicinity have a supply on hand, or can easily get it for you.

Seven a day for seven days—Wonderful results.

A Quality Instrument

Cheney Acoustic Throat

Perfect control and balance of tones are secured in these chambers. The blending of harmonies gives rare beauty and fidelity to every selection.

As The Cheney plays, you can hear the true tones of each recorded instrument or voice. Even in a vast concert, the individual pieces are identified by the distinctiveness and brilliance of The Cheney's portrayal.

This complete mastery of all shades and volumes of tone is achieved by a new use of musical principles in The Cheney. Richer volume, greater resonance, and sweeter purity distinguish The Cheney as "The Quality Instrument."

Miss Ada Steele of Philadelphia, a former resident of Greene county, is here for the funeral of her cousin Judge C. F. Howard.

Attorney J. K. Williamson motored to Troy Saturday afternoon to spend the week end at the home of Mr. and Mrs. C. A. Geiger, Mrs. Williamson's parents. Mrs. Williamson and their little daughter, Nancy, who have been at the Geiger home for two weeks, will return to Xenia with him.

The girls of the Sunshine Club enjoyed a long hike to the woods of Mr. John H. Harner, Thursday evening. The early part of the evening was spent exploring the hills and valleys. At dusk the girls kindled a fire and had a pleasant wicker roast. The remainder of the evening was spent in playing games, music and telling stories. Those enjoying the evening were: Misses Erma Collins, Rosezella Harner, Edith Bath, Sarah Delph, Sarah Siefert, Evelyn Weddle, Eleanor and Catherine Routzong, Alma Mendenhall, Eva Crumley and Mrs. H. E. Harner as chaperon.

JUNIOR HIGH ENJOYS PROGRAM.

The Emerson and Lowell Literary Societies of McKinley Junior High school entertained at the school house Friday evening.

A short program was given, consisting of a reading by Mildred Mason a song given by a quartet consisting of Pauline Sutton, Theda Downing, Margaret Conidine and Mary Douthett, and a wild and woolly movie, written by Lucile Denham, with "Perry Nickford," "Rugless Chairbacks," and "Beda Therra" playing in the leading roles. The piece was produced by the Devan Film Corporation and directed by Arthur Carrie.

Games and contests formed the amusement during the early part of the evening, and refreshments were served after which dancing was enjoyed. Music was furnished by an orchestra consisting of Isaac Danovetti and Mary Noble, violin, Edna Holden, piano, and Lucile Denham and Theda Downing alternating at the piano.

Miss Laura Wolf, teacher of Dramatic Science was presented with a bouquet of roses, Irma Parrott making the presentation.

Mr. and Mrs. O. D. Jones of Dayton were present at the affair. Mr. Jones was formerly principal of the Junior High and he gave a short talk to those present.

COMBINATION FIRE AND POLICE JOB HAS BEEN FILLED

Roy Dotson, who has been employed for some time as auto mechanic at the Central Garage, has been appointed a city fireman, and will act as traffic officer on the Police Department on his time off. He will start to work Monday.

Clark Stethem, who was speed cop during the summer months last year, but who is now employed on the Pennsylvania railroad served as speed cop Saturday and will serve part of Sunday temporarily.

The appointment of Dotson, fills a vacancy at the Fire Department, which has existed for some time. The new appointee will serve as regular fireman, and will sleep at the engine house. Because of the two station system which is in effect at the local department, he will be on duty half the time or every other 24 hours, and on the day he is off duty he will serve as speed cop. He will purchase a motorcycle shortly to begin operations on the street.

At all times, Dotson will be ready for call either for the police or fire department. His motorcycle will be equipped with hand chemicals and he will answer every fire call water is on duty for either department. In some manner he will be available for call on to police department on days when he is working as fireman. Since he will sleep at the engine house he will be available as a fireman every night as well as every other day.

JOSEPH E. EAVEY DIES ON SATURDAY

The death of Joseph E. Eavey at his home Saturday morning at 3 o'clock removes one of Xenia's substantial farmers and business men. Mr. Eavey had been failing in health for more than a year but his decline was rapid following the death three weeks ago of his daughter-in-law, Mrs. Herman Eavey, to whom he was much attached. Uremic poisoning was the immediate cause, though other complications hastened the end.

Mr. Eavey was born Sept. 20, 1848 in the old Eavey homestead on the Wilmington pike near Xenia. His parents, both of Hagerstown, Md., migrated to Ohio in 1841 and settled upon the land of which the Eavey farm is a part. He was married in 1877 to Miss Etta Wright. They have two children, Herman E. and Helen (Mrs. John M.) Davidson. All of the family still live here, Herman being in charge of the Eavey farm. Our brother, Arthur W., still lives in Dayton.

In addition to his farm Mr. Eavey was interested in the Eavey Wholesale grocery, the Eavey Packing Co., and other enterprises. He was a member of the First U. P. church.

The funeral will be held at the Eavey home, 234 East Second street, next Monday afternoon at 4:30.

CITY ADMINISTRATION URGES STORES CLEANED UP EARLY IN DAY

An appeal to merchants to either sweep out their stores at night or else do it before seven o'clock in the morning is being made by the city administration.

Under present conditions, it is pointed out, that merchants who sweep their stores out after seven o'clock in the morning, sweep the dirt into the gutter after the street cleaning department is up early and the streets are flushed before many of the stores are opened. If the store dirt is swept into the gutter afterward it dirties up the street right after it has been cleaned.

Merchants are therefore requested to either sweep out at night or before seven o'clock in the morning so that the dirt can be washed away by the street flusher.

SHEETS' TRIAL HAS BEEN POSTPONED

On application of counsel for George W. Sheets, former clerk of the courts, his trial on the charge of embezzlement was continued from May 12, to June 1, by Judge C. H. Kyle Saturday morning.

The hearing of the quo warranto ouster case brought by Mr. Sheets against Charles S. Johnson, who was appointed to succeed him in office, will take place according to the assignment, before the Court of Appeal in Springfield May 11.

MUSKINGUM WINS FROM CEDARVILLE

Muskingum had little difficulty in registering another victory in their invasion of this county, Friday afternoon when they easily walloped Cedarville by a score of 15 to 0.

The game was a repetition of their contest Thursday when they trimmed Antioch by a big score. Errors played a big part in Cedarville's defeat but the terrific slugging of the down staters could not be denied and they gathered sixteen safe blows.

Muskingum was originally scheduled

PNEUMONIA LEFT BOY WEAK AND SICKLY

Parents Were Almost Hopeless, But He Is Now Well and Strong.

"Our little boy's health was so poor we were afraid we were going to lose him. He is 10 years old, and has had weak lungs ever since he was eight months old, caused by pneumonia. We have been very careful with him and doctored him continually, but we had almost despaired of ever having a strong, well boy."

"But since giving him Milks Emulsion, all his trouble is gone, and he is in perfect health."—Mrs. G. W. Smiley, 20 Maple St., Dayton, O.

For restoring appetite, health and strength in sickly children, mothers will find Milks Emulsion the thing they have always sought. Most children like to take it, because unlike many emulsions it is really tastes good.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to those whom sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions, and if not satisfied with the results, your money will be promptly refunded. Price 50c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

HOME MADE RECIPE CATARRH AND COLDS

Nonexpensive—Cut This Out.

Thousands are making this beneficial remedy at home and one who has catarrh or a cold can do the same.

Ask your druggist for three quarters of an ounce of Mentholized Arcine and pour it into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat so clean and healthy that germs of flu or any other germs will have a hard time gaining a foothold.

WAS NERVOUS AND RUN DOWN

RESTORED TO NORMAL HEALTH BY BIO-FEREN

"I feel I owe you people a world of gratitude for the benefit I have received in using your wonderful remedy—Bio-feren Tablets, which have completely restored me to normal conditions," says Joseph E. Webb of Muncie, Indiana.

Bio-feren is without doubt the grandest and quickest remedy for nervous, run down, weak, anemic men and women ever offered direct through the druggists and is not at all expensive.

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous and keen minded, yes, twice as much as you did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.

All druggists in this city and vicinity have a supply on hand, or can easily get it for you.

Seven a day for seven days—Wonderful results.

The CHENEY

A Quality Instrument

Cheney Acoustic Throat

Perfect control and balance of tones are secured in these chambers. The blending of harmonies gives rare beauty and fidelity to every selection.

As The Cheney plays, you can hear the true tones of each recorded instrument or voice. Even in a vast concert, the individual pieces are identified by the distinctiveness and brilliance of The Cheney's portrayal.

This complete mastery of all shades and volumes of tone is achieved by a new use of musical principles in The Cheney. Richer volume, greater resonance, and sweeter purity distinguish The Cheney as "The Quality Instrument."

MR. KNOX WANTS CONGRESS TO SAY WE ARE NO LONG-ER AT WAR WITH GERMANY.

Senator Philander C. Knox, of Pennsylvania, told the Senate Wednesday, that the situation growing out of the continuance of the technical state of war between the United States and Germany is so anomalous iniquitous, so fraught with injustice and with possibility of disaster, that one cannot reconcile it with the operations of a sane statesmanship.

Mr. Knox urged adoption of his resolution to repeal the legislative declarations of war with the "imperial German Government" and the "imperial and royal Austro-Hungarian government." He cited numerous precedents in international law to support his statement that the war really ended with the cessation of hostilities.

Although it is agreed on all sides that Senator Henry Cabot Lodge will dictate the treaty plank in the Chicago platform. Mr. Knox was unsparing in his criticism of the handiwork of Mr. Lodge, which contemplated ratification of the treaty with the Senate reservations.

After explaining the necessity for provision in the peace resolution for clear title to the United States of any physical rights and property accruing to this nation under the treaty of Versailles, Mr. Knox again paid his respects to the economic features of the treaty. He gave liberal extracts from his great speech.

"The purpose has been to coerce the Senate to approve the treaty of Versailles, a treaty that is almost universally discredited in all its parts," Senator Knox concluded. "The majority of its negotiators concede this. Its economic terms are impossible, its League of Nations is an aggravated imitation of the worst features of the ill-fated and foolish Holy Alliance of a century ago. It promises little but mischief unless recast on such radical lines as will entirely obliterate its identity.

"It has been said that reservations, proposed in the Senate, Americanized the league. That, of course, is not true. A more accurate statement of the effect of those reservations is that they tend to make it safer for America to enter the league by refusing to be bound in many important matters by its action. But it is not enough that the league shall be made safe for America; it must be made safe for all who enter it and safe for all the world.

"As I see it nothing could be fraught with more danger than any nation having a specially insured relation to a league where the other members are subject to the dangers against which the immune nation attempts to secure itself. The only justification for a League of Nations and at least the ostensible purpose of the league embodied in the treaty of Versailles is to secure the peace of the world.

"The peace of the world is not assured, but threatened, if thirty-one say, out of thirty-two nations so curtail their liberties and sovereignty that a political council may direct them to do, but as free men they will not do when the test of allegiance between league and country arises. It is by no means the question that the other nations may consent to such an arrangement. The real question is, Does such a structure rest upon solid foundations? It seems to me not, as the rights and obligations of those who are associated for a common purpose should be reciprocal. If we, by reservations, withdraw ourselves from obligations to our associates in the league, it is rather difficult to find what obligations our associates will owe to us, the limited partner. I have before me Mr. Arthur Balfour's views, expressed on November 11, 1919, that 'if one of us begins to make reservations I confess that I think the future of the League of Nations is dark indeed.'

The Parisian peacemakers should have confined their activities to making peace, and then, as soon as world conditions permitted participation therein by all peoples, initiated an international conference for submission to the nations of the world with a view to adoption by them, and an arrangement providing for the codification of international law, the establishment of international justice and the outlawry of war; that arrangement to be as complete, comprehensive and compelling as shall be consistent with human rights and human liberty, with the progress of civilization, with the preservation and fostering of free institutions, and with the inherent right of every people to be secure, to enjoy peace, and to work out unhampered its own destiny subject only to like equal rights of all other peoples."

LAP OF SPRING.

THE spring was slow in coming, I thought 'twould ne'er appear; but now the bees are humming, and jays and things are here. Before the dawn of Easter warm days betokened spring; I ground my spade and greased her, and started gardening. I cried, "The winter season is buried in the past; and spring, which has no fleas on, has come to stay at last. Farewell to winter weather, which bores me and annoys, so let me get together, and sing of vernal joys." Alas, on Easter morning old winter had returned; and from its solemn warning a lesson I have learned. Hereafter I'll be cautious about announcing spring; for people come and josh us when we give fancy wing. I will not be up-bobbin' with vernal stuff again, because I've seen a robin, or heard a lonesome wren. I will not sell the heater, or pawn my winter coat, because a stray moskeeter has crooned its mournful note. Spring signs must come in legions before I will admit that in the arctic regions, the blizzard works have quit. Oh, Easter was a hummer and winter had its fling, and I will wait till summer before I look for spring.

GREENE COUNTY HAS ENVIABLE RECORD IN NEWSPAPER MEN; GALVINS CUT WIDE SWATH

From the days of the much renowned and late lamented Whitelaw Reid, good newspapermen have gone forth from Greene County to become better ones.

There are besides Mr. Reid, a score or more of other newswriters and newspaper executives, and special writers, who have by their writings, or their achievements, also written their names indelibly in the history of newspaper fame.

For instance there is Coates Kinney, of this city, whose writings won him a name a few years ago. The later Harry Merrick, who heralded from Xenia, was known as one of the greatest paragraphers of the age during his newspaper connection in Washington, and Fred C. Kelly, is another local man, who has added his name to this newspaper galaxy.

Now W. J. and L. S. Galvin, born and raised at Jamestown, and sons of W. S. Galvin, publisher of the Greene County Journal at that place, have risen to a rank in the newspaper world that speaks well of their ambition, energy and ability in modern journalism.

Big Step in Advancement
The sale of the Lima Times-Democrat to the Lima News Publishing company, and the subsequent purchase by W. J. Galvin, publisher of the Times-Democrat of a controlling interest in the Republican-Gazette, the Lima morning paper, was not only one of the biggest exchanges of newspaper properties conducted in the state for some time, but also stands as another mark in the roseate newspaper career of the Galvins brothers.

L. S. Galvin, better known to his friends in Greene County as "Roy," still retains his position as vice-president and general manager of the Lima News, which now controls the evening field in Lima. His brother, W. J. Galvin, known better perhaps as "Jack" Galvin, will, instead of operating a contemporary evening paper in that city, have a substantial interest in, and act as business manager for the Republican-Gazette, the morning paper in the field. Simultaneous with the announcement the brothers purchased the bindery and job department of the Republican-Gazette, and immediately organized the Lima Printing and Ledger Company, with a capital stock of \$25,000. In this department they will specialize on loose leaf work, ledgers and other work of that class.

High Expense's Reason
The exorbitant price of news print paper, and of other supplies and equipment that go to make up a newspaper, was given as the cause of the consolidation and the clearing of the evening field in Lima. The

Times-Democrat was in good standing financially, but it was felt by the publishers that the operation of the plant in competition to the other evening paper was a waste of materials with prices as high as they are now.

The exchange of properties marks Sons of W. S. Galvin, for the last 56 years another milestone in the newspaper careers of the Galvin brothers, years publisher of the Greene County Journal at Jamestown, they verily grew up in the newspaper profession with the smell of ink and the roar of presses linked with their earliest memories.

Mr. Galvin, Senior, was formerly postmaster of Jamestown, and at the same time started the publication of the Journal, which still flourishes in that town, as a weekly paper. "The boys used to come to my office when they were little, and mix up my type," said Mr. Galvin, Sr. "They were both good printers before they were editors," said Mr. Galvin, "because they grew up in the newspaper profession."

Affiliated With Father
W. J. Galvin, who is perhaps best known locally, was early affiliated with his father in the publication of the Greene County Journal, and he still retains a controlling interest in the company that operates that paper. About ten years ago he established the Horse Journal, a paper devoted to the interests of horsemen. In 1913 he purchased the Daily Advertiser in Washington, C. H., and moved the Horse Journal to that place. After operating the Advertiser for a time he sold it and later moved the Horse Journal back to Jamestown.

After leaving Washington, Mr. Galvin went to Wilmington where he started the Wilmington Daily News, which he successfully operated for several years. The Daily News was later consolidated with the Wilmington Journal, the leading weekly paper of Clinton County at that time, and operated by the late Col. Fisher, and the daily edition was issued from the Journal plant by Mr. Galvin for a time, when the weekly edition was discontinued and the Daily name was changed to the News-Journal, as it is now published.

Owned Wilmington Paper
While still in Wilmington he secured an interest in a stock company which purchased the Washington Daily News and Record-Republican, operating the News as a daily and the Record-Republican as a tri-weekly for a time. Later the News was traded to the Washington Herald, while the Record-Republican was continued. Mr. Galvin does not retain an interest in that paper however. Mr.

WHILE THE MEN RESPONSIBLE HIGHER UP LAUGH AND GROW FAT

Galvin still retains his interest in the Wilmington News-Journal and is one of the directors.

It was nearly three years ago that Mr. Galvin went to Lima where he purchased a controlling interest in the Lima Times-Democrat, which he operated up to the consolidation this week. Roy Galvin, like his brother, learned his profession in the office of the Greene County Journal, from the printing end of the game, up to the editorial office.

After being affiliated with the Journal, in Jamestown for some years, he went to Montpelier, Ind., where he purchased a daily paper, which he operated for two years. After selling it he located in Lima and went to work on the Daily News of that city, later acquiring a controlling interest in that paper, which he still holds.

Ingenuity and pluck has spelled success in their profession for the Galvin brothers. The newest conquest of this newspaper family in the operating of the newspaper field in Lima, is therefore of much interest to the many friends of these two Greene Countians.

JURY RENDERS \$800 VERDICT AGAINST DEFENDANTS IN SUIT

A verdict for \$800 against Mr. and Mrs. Charles L. Monnett was given Edward G. Fowler by the common pleas jury which rendered a verdict late Friday afternoon after deliberating about two hours and a half.

Fowler sued to recover \$1,033, alleging that he had been induced by the defendants, through false representations, to turn over that amount of money to them.

Mrs. Orpha yde and John W. Davis, who had been named as co-defendants by Fowler in his petition, were eliminated from the case by Judge Kyle, who instructed the jury to return a verdict in their favor. He held that the evidence given by Fowler did not connect them with the alleged conspiracy. Fowler declared that Mrs. Monnett had induced him to the home of the defendants near Yellow Springs, where he alleged that he fell under the influence of the defendants to such an extent that he paid over the money to them.

DIES JUST A WEEK AFTER SON PASSES AWAY AT HOME

Just one week following the death of his only son, and almost the same hour that the young man had passed away, John Duncan, aged 62, a well known farmer, died at his home on the D. B. Watt farm on the Jamestown pike at 7 o'clock Friday night. His son and only child, James Duncan, died Friday night a week ago, at 8 o'clock.

Mr. Duncan was taken ill last Monday, the day on which his son was buried, and was unable to attend the funeral. Physicians said that his trouble was toxemia due to a condition of his teeth. It is believed that grief over the death of his son, aggravated his condition, and hastened his death, which was unexpected.

Mr. Duncan was born in Maryland, but had lived in Greene county 35 years. He is survived by his widow who was before marriage Miss Margaret Edwards, and a brother, Charles Duncan of Delphos. A sister, Mrs. Joseph Benson of Spring Valley, died a few months ago. Mr. Benson was a member of the Methodist church at New Jasper.

Funeral services will be held at 2 o'clock Monday at the home.

MR. KNOX WANTS CONGRESS TO SAY WE ARE NO LONG-ER AT WAR WITH GERMANY.

Senator Philander C. Knox, of Pennsylvania, told the Senate Wednesday, that the situation growing out of the continuance of the technical state of war between the United States and Germany is so anomalous iniquitous, so fraught with injustice and with possibility of disaster, that one cannot reconcile it with the operations of a sane statesmanship.

Mr. Knox urged adoption of his resolution to repeal the legislative declarations of war with the "imperial German Government" and the "imperial and royal Austro-Hungarian government." He cited numerous precedents in international law to support his statement that the war really ended with the cessation of hostilities.

Although it is agreed on all sides that Senator Henry Cabot Lodge will dictate the treaty plank in the Chicago platform. Mr. Knox was unsparing in his criticism of the handiwork of Mr. Lodge, which contemplated ratification of the treaty with the Senate reservations.

After explaining the necessity for provision in the peace resolution for clear title to the United States of any physical rights and property accruing to this nation under the treaty of Versailles, Mr. Knox again paid his respects to the economic features of the treaty. He gave liberal extracts from his great speech.

"The purpose has been to coerce the Senate to approve the treaty of Versailles, a treaty that is almost universally discredited in all its parts," Senator Knox concluded. "The majority of its negotiators concede this. Its economic terms are impossible, its League of Nations is an aggravated imitation of the worst features of the ill-fated and foolish Holy Alliance of a century ago. It promises little but mischief unless recast on such radical lines as will entirely obliterate its identity.

"It has been said that reservations, proposed in the Senate, Americanized the league. That, of course, is not true. A more accurate statement of the effect of those reservations is that they tend to make it safer for America to enter the league by refusing to be bound in many important matters by its action. But it is not enough that the league shall be made safe for America; it must be made safe for all who enter it and safe for all the world.

"As I see it nothing could be fraught with more danger than any nation having a specially insured relation to a league where the other members are subject to the dangers against which the immune nation attempts to secure itself. The only justification for a League of Nations and at least the ostensible purpose of the league embodied in the treaty of Versailles is to secure the peace of the world.

"The peace of the world is not assured, but threatened, if thirty-one say, out of thirty-two nations so curtail their liberties and sovereignty that a political council may direct them to do, but as free men they will not do when the test of allegiance between league and country arises. It is by no means the question that the other nations may consent to such an arrangement. The real question is, Does such a structure rest upon solid foundations? It seems to me not, as the rights and obligations of those who are associated for a common purpose should be reciprocal. If we, by reservations, withdraw ourselves from obligations to our associates in the league, it is rather difficult to find what obligations our associates will owe to us, the limited partner. I have before me Mr. Arthur Balfour's views, expressed on November 11, 1919, that 'if one of us begins to make reservations I confess that I think the future of the League of Nations is dark indeed.'

The Parisian peacemakers should have confined their activities to making peace, and then, as soon as world conditions permitted participation therein by all peoples, initiated an international conference for submission to the nations of the world with a view to adoption by them, and an arrangement providing for the codification of international law, the establishment of international justice and the outlawry of war; that arrangement to be as complete, comprehensive and compelling as shall be consistent with human rights and human liberty, with the progress of civilization, with the preservation and fostering of free institutions, and with the inherent right of every people to be secure, to enjoy peace, and to work out unhampered its own destiny subject only to like equal rights of all other peoples."

LAP OF SPRING.

THE spring was slow in coming, I thought 'twould ne'er appear; but now the bees are humming, and jays and things are here. Before the dawn of Easter warm days betokened spring; I ground my spade and greased her, and started gardening. I cried, "The winter season is buried in the past; and spring, which has no fleas on, has come to stay at last. Farewell to winter weather, which bores me and annoys, so let me get together, and sing of vernal joys." Alas, on Easter morning old winter had returned; and from its solemn warning a lesson I have learned. Hereafter I'll be cautious about announcing spring; for people come and josh us when we give fancy wings. I will not be up-bobbin' with vernal stuff again, because I've seen a robin, or heard a lonesome wren. I will not sell the heater, or pawn my winter coat, because a stray mosketeer has crooned its mournful note. Spring signs must come in legions before I will admit that in the arctic regions, the blizzard works have quit. Oh, Easter was a hummer and winter had its fling, and I will wait till summer before I look for spring

GREENE COUNTY HAS ENVIABLE RECORD IN NEWSPAPER MEN; GALVINS CUT WIDE SWATH

From the days of the much renowned and late lamented Whitelaw Reid, good newspapermen have gone forth from Greene County to become better ones.

There are besides Mr. Reid, a score or more of other newswriters and newspaper executives, and special writers, who have by their writings, or their achievements, also written their names indelibly in the history of newspaper fame.

For instance there is Coates Kinney, of this city, whose writings won him a name a few years ago. The later Harry Merriek, who heralded from Xenia, was known as one of the greatest paragraphers of the age during his newspaper connection in Washington, and Fred C. Kelly, is another local man, who has added his name to this newspaper galaxy.

Now W. J. and L. S. Galvin, born and raised at Jamestown, and sons of W. S. Galvin, publisher of the Greene County Journal at that place, have risen to a rank in the newspaper world that speaks well of their ambition, energy and ability in modern journalism.

Big Step in Advancement
The sale of the Lima Times-Democrat to the Lima News Publishing Company, and the subsequent purchase by W. J. Galvin, publisher of the Times-Democrat of a controlling interest in the Republican-Gazette, the Lima morning paper, was not only one of the biggest exchanges of newspaper properties conducted in the state for some time, but also stands as another mark in the roseate newspaper career of the Galvin brothers.

L. S. Galvin, better known to his friends in Greene County as "Roy," still retains his position as vice-president and general manager of the Lima News, which now controls the evening field in Lima. His brother, W. J. Galvin, known better perhaps as "Jack" Galvin, will, instead of operating a contemporary evening paper in that city, have a substantial interest in, and act as business manager for the Republican-Gazette, the morning paper in the field. Simultaneous with the announcement the brothers purchased the bindery and job department of the Republican-Gazette, and immediately organized the Lima Printing and Ledger Company, with a capital stock of \$25,000. In this department they will specialize on loose leaf work, ledgers and other work of that class.

High Expense's Reason
The exorbitant price of news print paper, and of other supplies and equipment that go to make up a newspaper, was given as the cause of the consolidation and the clearing of the evening field in Lima. The

Times-Democrat was in good standing financially, but it was felt by the publishers that the operation of the plant in competition to the other evening paper was a waste of materials with prices as high as they are now.

The exchange of properties marked another milestone in the newspaper careers of the Galvin brothers, years publisher of the Greene County Journal at Jamestown, they verily grew up in the newspaper profession with the smell of ink and the roar of presses linked with their earliest memories.

Mr. Galvin, Senior, was formerly postmaster of Jamestown, and at the same time started the publication of the Journal, which still flourishes in that town, as a weekly paper. "The boys used to come to my office when they were little, and mix up my type," said Mr. Galvin, Sr. "They were both good printers before they were editors," said Mr. Galvin, "because they grew up in the newspaper profession."

Affiliated With Father
W. J. Galvin, who is perhaps best known locally, was early affiliated with his father in the publication of the Greene County Journal, and he still retains a controlling interest in the company that operates that paper. About ten years ago he established the Horse Journal, a paper devoted to the interests of horsemen. In 1913 he purchased the Daily Advertiser in Washington, C. H., and moved the Horse Journal to that place. After operating the Advertiser for a time he sold it and later moved the Horse Journal back to Jamestown.

After leaving Washington, Mr. Galvin went to Wilmington where he started the Wilmington Daily News, which he successfully operated for several years. The Daily News was later consolidated with the Wilmington Journal, the leading weekly paper of Clinton County at that time, and operated by the late Col. Fisher, and the daily edition was issued from the Journal plant by Mr. Galvin for a time, when the weekly edition was discontinued and the Daily name was changed to the News-Journal, as it is now published.

Owning Wilmington Paper
While still in Wilmington he secured an interest in a stock company which purchased the Washington Daily News and Record-Republican, operating the News as a daily and the Record-Republican as a tri-weekly for a time. Later the News was traded to the Washington Herald, while the Record-Republican was continued. Mr. Galvin does not retain an interest in that paper however. Mr.

WHILE THE MEN RESPONSIBLE HIGHER UP LAUGH AND GROW FAT

Galvin still retains his interest in the Wilmington News-Journal and is one of the directors.

It was nearly three years ago that Mr. Galvin went to Lima where he purchased a controlling interest in the Lima Times-Democrat, which he operated up to the consolidation this week. Roy Galvin, like his brother, learned his profession in the office of the Greene County Journal, from the printing end of the game, up to the editorial office.

After being affiliated with the Journal, in Jamestown for some years, he went to Montpelier, Ind., where he purchased a daily paper, which he operated for two years. After selling it he located in Lima and went to work on the Daily News of that city, later acquiring a controlling interest in that paper, which he still holds.

Ingenuity and pluck has spelled success in their profession for the Galvin brothers. The newest conquest of this newspaper family in the cornering of the newspaper field in Lima, is therefore of much interest to the many friends of these two Greene Countians.

JURY RENDERS \$800 VERDICT AGAINST DEFENDANTS IN SUIT

A verdict for \$800 against Mr. and Mrs. Charles L. Monnett was given Edward G. Fowler by the common pleas jury which rendered a verdict late Friday afternoon after deliberating about two hours and a half.

Fowler sued to recover \$1,083, alleging that he had been induced by the defendants, through false representations, to turn over that amount of money to them.

Mrs. Orpha yde and John W. Davis, who had been named as co-defendants by Fowler in his petition, were eliminated from the case by Judge Kyle, who instructed the jury to return a verdict in their favor. He held that they were not liable.

the evidence given by Fowler did not connect them with the alleged conspiracy. Fowler declared that Mrs. Monnett had induced him to the home of the defendants near Yellow Springs, where he alleged that he fell under the influence of the defendants to such an extent that he paid over the money to them.

DIES JUST A WEEK AFTER SON PASSES AWAY AT HOME

Just one week following the death of his only son, and almost the same hour that the young man had passed away, John Duncan, aged 62, a well known farmer, died at his home on the D. B. Watt farm on the Jamestown pike at 7 o'clock Friday night.

His son and only child, James Duncan died Friday night a week ago, at 8 o'clock.

Mr. Duncan was taken ill last Monday, the day on which his son was buried, and was unable to attend the funeral. Physicians said that his trouble was toxemia due to a condition of his teeth. It is believed that grief over the death of his son, aggravated his condition, and hastened his death, which was unexpected.

Mr. Duncan was born in Maryland, but had lived in Greene county 35 years. He is survived by his widow who was before marriage Miss Margaret Edwards, and a brother, Charles Duncan of Delphos. A sister, Mrs. Joseph Benson of Spring Valley, died a few months ago. Mr. Benson was a member of the Methodist church at New Jasper.

Funeral services will be held at 2 o'clock Monday at the home.

Thousands of cases of dyspepsia BUT ONLY ONE

PEPSINCO

PEPSINCO is the only indigestion remedy that we know—and we know lots of so called dyspepsia cures—that will almost infallibly relieve an attack of indigestion, food distress or gas. We could almost make claims that would appear impossible, so seldom does this PEPINCO fail. But why not consider the recommendation of thousands of people who have used PEPINCO on the basis of their belief in it. Try it yourself. We are sure that the suggestion will appeal to you—you who suffer with indigestion or stomach faults—try PEPINCO to-day.

Ask your druggist—he sells and recommends Pepsinco.

MACHINERY BEING USED ON XENIA STREETS ELIMINATES FORCE OF 100 MEN IN PAVING AND SEWER WORK

The elimination of man power with brain power, or the superceding of men with machinery, was never before exemplified so clearly in street work in Xenia than during the present street paving and sewer installation work.

Modern methods as applied here now by contractors who have the sewer and street paving work, as compared with slower processes of other days, when man, pick and shovel were the only means to an end in street work, displays clearly the wonderful progress that has been made by man in contriving machines to do man's work.

Probably the most interesting of the machinery now being used on the streets is the trenching machine, which is being operated by C. J. Wetzel of Dayton, who has the sewer contract, and who is said to be one of the best sewer contractors in the state. The operating of the trenching machine has been watched with interest by many people in its work on West Second street and on Dayton avenue, where it is now at work.

The immense machine, which operated by steam digs a ditch as deep as needed, up to fifteen feet, at the same time piling the dirt in a neat pile along the side of the ditch. Great teeth working on an endless chain, cuts into the earth and carry it to a belt where it is dumped at the side of the road. The ditch is cut perfectly and requires no other work, being then ready for the laying of the sewer pipe. The machine ditches 300 feet a day and does the work of at least 50 men.

After the sewer pipe is installed, the back filler, owned by Mr. Wetzel and operated by a gas engine, is used to throw the dirt back into the ditch, again eliminating the use of men. The machine scrapes the dirt back into the ditch, a large amount at a time.

Machinery has replaced man on Galloway street also, where J. E. Conley, paving contractor, is operating a Keystone excavator. The machine is not fitted with a skimmer scoop, which excavates the dirt just enough to lay the paving, and eliminates the work of about fifty men. The machine can also be fitted to excavate sewers and to dig out gravel pits. It covers about 400 yards a day. Mr. Conley is also operating a huge gravel screener at the Hawkins gravel pit. The machine is used to screen the gravel to the desired size, and it can be adjusted to screen out sand or gravel of any dimension. This will be the first time that graded gravel has been used in local paving. Further equipment now in operation by Mr.

ANOTHER CIVIL WAR VETERAN OF GREENE COUNTY DIES FRIDAY

James Hamilton, aged 86 years, who for forty years made his home with Representative W. B. Bryson and family, died Friday morning at the National Military Home, Montgomery county.

Death was due to general infirmities, and to complications resulting from an injury to his arm which he sustained by a fall on the ice last February.

Mr. Hamilton was born in Ballymoney, County Antrim, Ireland, and came to the United States when he was a young man. He served as a member of Company D, 7th O. V. I during the civil war. Enlisting in the fall of 1861, he served until his term of enlistment expired in the fall of 1863, when he re-enlisted, and continued in the service until the war was over. He was with General Sherman on his march to the sea, and

Bean Croquettes—Form leftover beans into croquettes. Roll in flour and then dip in beaten egg. Roll in fine breadcrumbs. Fry golden brown in hot fat.

Mock Chicken Patty—For the patties make a very rich pie dough. Bake patties in shallow gem pan.

Take a large slice of round steak; stew till tender, then cut in small dice.

Make a cream dressing with a cup of scalded milk, thickened with flour, season with a little butter, pepper and salt to taste.

When ready to serve put meat into the patty shells.

Make a pot pie with the broth for next day.

Thousand Island Salad Dressing—Mix one heaping tablespoon flour, one tablespoon butter, one-half teaspoon mustard cream altogether; add one cup boiling water and boil until thick.

In separate dish add the juice of one lemon, two teaspoons sugar, one-half teaspoon salt, and a little paprika, yolks of two eggs (beaten well) then add one cup of olive oil and beat until mixed well.

Add the other mixture and beat until mixed well.

Add the other mixture and beat until thick. Add enough chilisauce to taste, and chop in one red and one green pepper.

This makes a delicious dressing and is very tasty when used for any salad.

Sunshine Cake—Whites of six eggs, yolks of five small eggs, one cup of granulated sugar sifted, one-half teaspoon of extract (almond preferred), one cup of pastry flour, one-third scant teaspoon of cream tartar, pinch of salt.

Sift the flour five times, measure and set aside.

Separate the eggs, putting the yolks in a small bowl and the whites in mixing bowl. Beat yolks very light.

Beat whites to foam, then add cream tartar and whip until dry and stiff. Add sugar to the whites and carefully fold in, then yolks and fold in, then flavoring and lastly the flour folded in very lightly.

Bake in ungreased patent pan thirty minutes. When done invert pan and do not remove till cool.

Very slow oven the first ten minutes and gradually turn up fire.

Chocolate Sauce—Place in sauce pan one-half cup syrup, three-quarters cup water, three level tablespoons cornstarch and four level tablespoons cocoa. Stir to dissolve the starch, bring to boil, cook slowly for five minutes, remove from fire and add one teaspoon vanilla and one-half teaspoon extract cinnamon.

"JUST A GIRL"

BY JANE PHELPS

Chapter 6.

I almost hated all our society conventions before I went home that night. Mother always sent her maid after me in the car. Just as the party was breaking up, Kenneth Lawrence said:

"May I take you home or have you other arrangements?"

"Thank you, but Mother's maid will call for me." I had felt a little out of things all evening. Of course Kenneth could not sit all the dances with me and after talking to him the boys like Jack Pryor and Gregory Stuart seemed awfully pale and uninteresting.

"Your Mother is a very wise lady," he said with a smile. Then, more seriously, "She is right, too. In a place like New York one needs to be careful."

How I wished Mother weren't quite so careful when I saw him leave with Edith Wren. Not that her mother was not careful, too, but she was so intimate with Claudia—I suppose her mother thought they would attend to her getting home. Afterward I heard she had intended to remain all night, but that when Kenneth offered to take her home in Claudia's new car, she could not resist going.

Dad occasionally talked to me about my 'beaux' as he called the young men in my set, not as Mother talked of their wealth, their manners, their suitability as husbands—but of the men themselves, what they were. Then he would tell me his idea of what a true man was. He cautioned me to look beneath the superficial outside, to learn to discriminate between real

value and veneer.

"Take time daughter, to know a man. Don't make the fatal mistake of marrying someone of whom you know nothing. I'm in no hurry to be rid of my little girl."

I heard Mother and Mrs. Wren talking one day. It was a long time ago. They were speaking of some girl who had been 'out' two seasons and was still single. They spoke as if it were some kind of a disgrace, as if that girl were a failure.

"Perhaps you didn't quite understand your Mother, dear. But suppose Mrs. Grundy does say such things and people idly repeat them, Old Dame Grundy hasn't any conscience, you know. She loves misnamed people they give her something to gossip about."

I knew father hated to have mother try to get me married. But he never allowed me to criticize her, and he loved her dearly. While they were both persons of strong opinions, I never heard them quarrel or say an unkind word to each other.

On my 19th birthday Mother gave me a wonderful party. Kenneth was in New York, had lingered on for nearly a month, and of course I invited him.

"We shall have to," Mother said, "since he is Claudia's guest."

I had an idea she would have been glad if he hadn't been, then she would have asked him. I had seen quite a good deal of him—at the homes of the girls, where he was included in all invitations to Claudia, at the opera,

and several times on the street.

I had taken several long walks with him, but had not told Mother what was the use of making her uncomfortable? I was careful now to wear flat heels every time I went out, rather clumsy walking boots I had worn in school. One never new when one might meet another who loved a long tramp! I didn't think it wrong not to tell Mother. I was very careful never to again sit on a bench in the park, or to stay around where any of her friends would see us.

Kenneth was going home, back to California, the day after my birthday. I told him that night how sorry I was to have him go, and he made me the queerest answer:

"It is time I went. I might say things I have no right to say to a girl like you."

I wondered what he meant, but I was so busy playing hostess that of course I couldn't neglect the other guests to find out. Dad talked to him quite a little, I noticed. I'd get him to tell me what they had talked about.

Dad gave me a lovely pearl necklace, and small pearls but so well matched; and Mother gave me a lovely wrist watch, set in diamonds and platinum. The favors were perfectly lovely, and every one said they had a wonderful time when they left at two o'clock. That was Dad's limit for me, 2 o'clock, and then I had to remain in bed until noon the next day!

Kenneth came to say goodbye to me. I think I rather disgraced myself. I know Mother was shocked

ANOTHER CIVIL WAR VETERAN OF GREENE COUNTY DIES FRIDAY

James Hamilton, aged 86 years, who for forty years made his home with Representative W. B. Bryson and family, died Friday morning at the National Military Home, Montgomery county.

Death was due to general infirmities, and to complications resulting from an injury to his arm which he sustained by a fall on the ice last February.

Mr. Hamilton was born in Ballymoney, County Antrim, Ireland, and came to the United States when he was a young man. He served as a member of Company D, 7th O. V. I during the civil war. Enlisting in the fall of 1861, he served until his term of enlistment expired in the fall of 1863, when he re-enlisted, and continued in the service until the war was over. He was with General Sherman on his march to the sea, and

took in many famous engagements. His company was mustered out in Washington, D. C. and he returned Greene county.

He took employment with W. B. Bryson before the latter was married, living on his farm, and he retained a home with the family, until his condition of health became such that it was necessary that he be removed to a hospital, and he was taken to the military home.

He never married, and so far as is known has no living near relatives. A number of years ago he had a brother and sister in Montana.

His death leaves only three members of the company with which he served during the war, surviving. The one served during the war, surviving. They are: George Moore, of Xenia; Robert Dean, of Chicago; and Harrison Galloway, of Stroud, Okla.

In his early life, he was a member of the Reformed Presbyterian church, (O. S.) at Cedarville.

Funeral services will be held at 1 o'clock Monday at the chapel of the Soldiers' home, and burial will take place in the Home cemetery.
